Seminar Report on Research Methodology-Research Opportunities and research techniques in Industrial Chemistry.

Date: 6 April 2021

Venue: Seminar hall.

RESOURCE PERSON –PROFESSOR NEELIMA GUPTA, DEPARTMENT OF CHEMISTRY, UNIVERSITY OF RAJASTHAN.

The Seminar on Research Opportunities in Industrial Chemistry aims to provide a comprehensive overview of the diverse and dynamic avenues for research within the field of industrial chemistry. This seminar serves as a platform to explore current trends, emerging technologies, and potential areas of investigation, fostering collaboration between researchers, academicians, and industry professionals.

- Insights from a renowned industrial chemist on the current landscape and future directions of industrial chemistry research.
- The role of research in driving innovation in industrial processes.
- Exploring catalytic processes for enhanced efficiency and reduced environmental impact.
- Applications of reaction engineering in optimizing industrial chemical processes.

The Seminar on Research Opportunities in Industrial Chemistry provides a valuable platform for participants to gain insights into the current and future research landscape. Attendees leave with a clearer understanding of potential research directions, collaboration opportunities, and the role of industrial chemistry in driving sustainable innovations. The organizers are commended for their efforts in promoting awareness and collaboration in this dynamic field

REPORT ON SEMINAR

TOPIC- INTELLECTUAL PROPERTY RIGHTS AND HOW TO CHOOSE I.P. ENTREPRENEURSHIP AS A CAREER.

RESOURCE PERSON- PROFESSOR P.J. JOHN

DATE- 25-03-2021

VENUE-SEMINAR HALL

The seminar program commenced with welcoming the gathering P.J.JOHN Head department of Zoology, Gixy Choudhary Co-coordinator, IPR cell talks about the objectives of the seminar. All participants ranging from Faculties, Research Scholars and Students of the department are participated in the program.

The seminar begins by explaining the need of intellectual property in Zoology and explaining the Basics of Intellectual Property (IP) *i.e.*, various forms of IPR such as patents, industrial designs, trademarks, geographical indications, copyrights, plant protection and semiconductor layout protection and stressing the importance of IPR and how an individual can contribute to IP *i.e.*, economy, R&D and Global Innovation Index (GII). Explaining the current Plagiarism scenario and MHRD steps towards anti-plagiarism.

In the seminar second phase, discussing Career Opportunities in IP ranging from Patent agent to an entrepreneur. Explaining the exciting working IP environment in brief and the salary package which evoked good reply and interaction from the participants and growth opportunities awaits for them. The program ended up with the proposal of vote of thanks by, Dr.N.M.Sharma Principal S.S.G.Pareek P.G.College.

Title: Seminar on the Importance of Intellectual Property (IP) in the Age of Artificial Intelligence (AI)

Date: 1 Feb. 2021

Venue: Central Hall

Resource Persons- Professor S. L. Sharma , Rajasthan University, Jaipur, Dr. Govind Pareek, Commerce Department. Rajasthan University, Jaipur.

Introduction: The Seminar on the Importance of Intellectual Property in the Age of Artificial Intelligence provided a platform for experts, researchers, and industry professionals to explore the crucial role of IP in the development, protection, and ethical deployment of artificial intelligence technologies. The seminar aimed to foster a deeper understanding of how IP frameworks .welcome and introduction to the seminar's theme.

- The evolving landscape of AI and its impact on innovation.
- Overview of different forms of intellectual property (patents, copyrights, trademarks, trade secrets) and their relevance to AI.
- Understanding the importance of IP protection for AI innovations.
- Exploring the patentability of AI-related inventions.
- Case studies on patented AI technologies and their impact on industries.
- Addressing copyright challenges in AI-generated content.
- The role of copyright in protecting AI algorithms and creative works.

The Seminar on the Importance of Intellectual Property in the Age of Artificial Intelligence was instrumental in highlighting the crucial relationship between IP and AI. Attendees gained valuable insights into the role of intellectual property in fostering innovation and ethical practices in the rapidly advancing field of artificial intelligence. The organizers are commended for creating a forum that promotes dialogue and collaboration at the intersection of IP and AI.
