Report on the celebration of "International Yoga Day

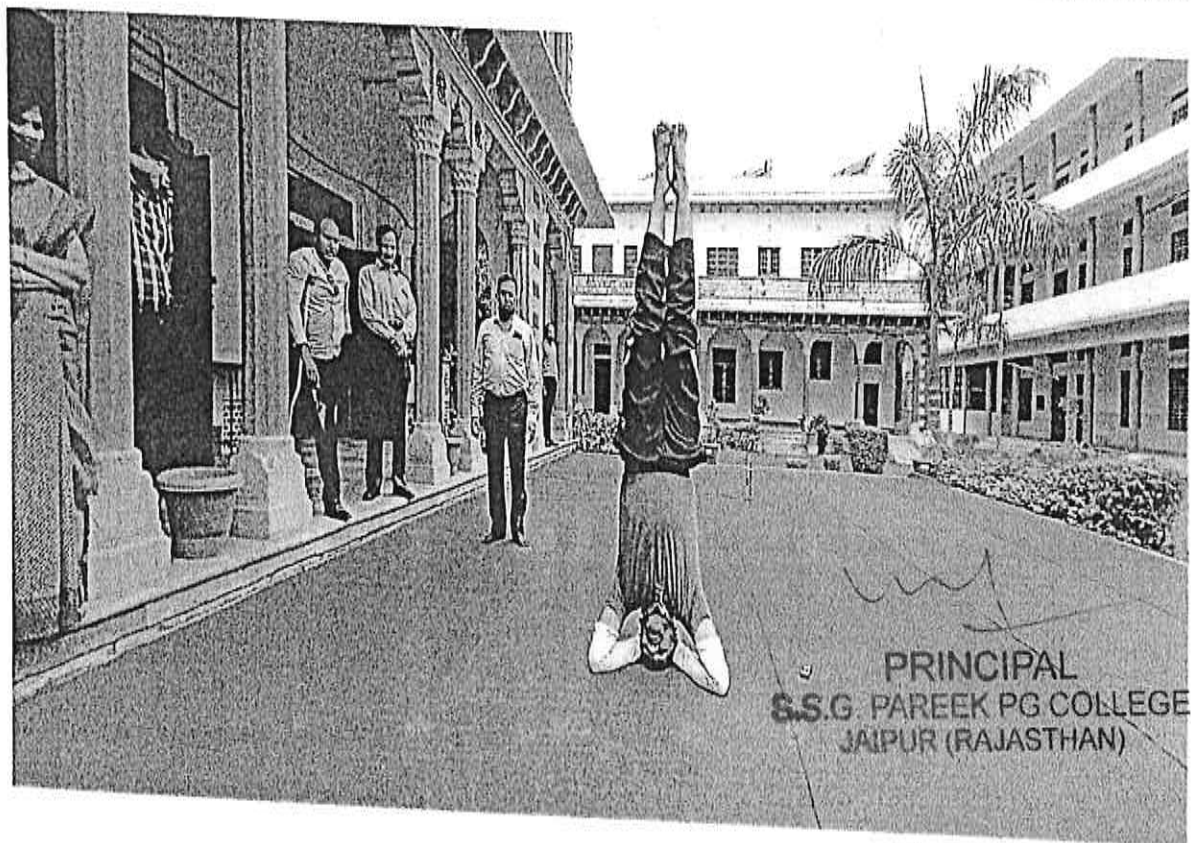

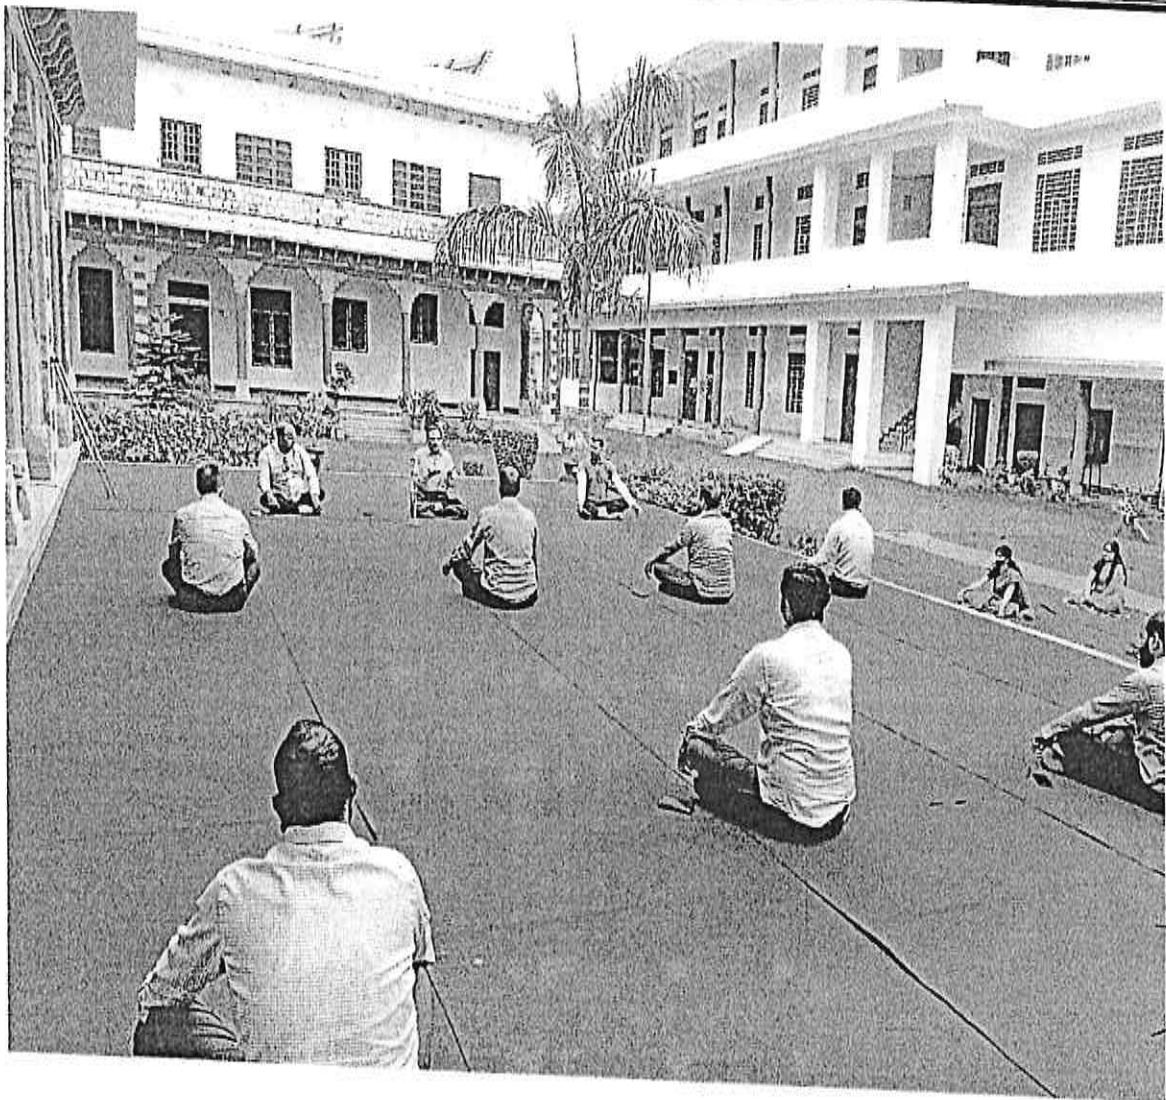

Dated 21.06.2021

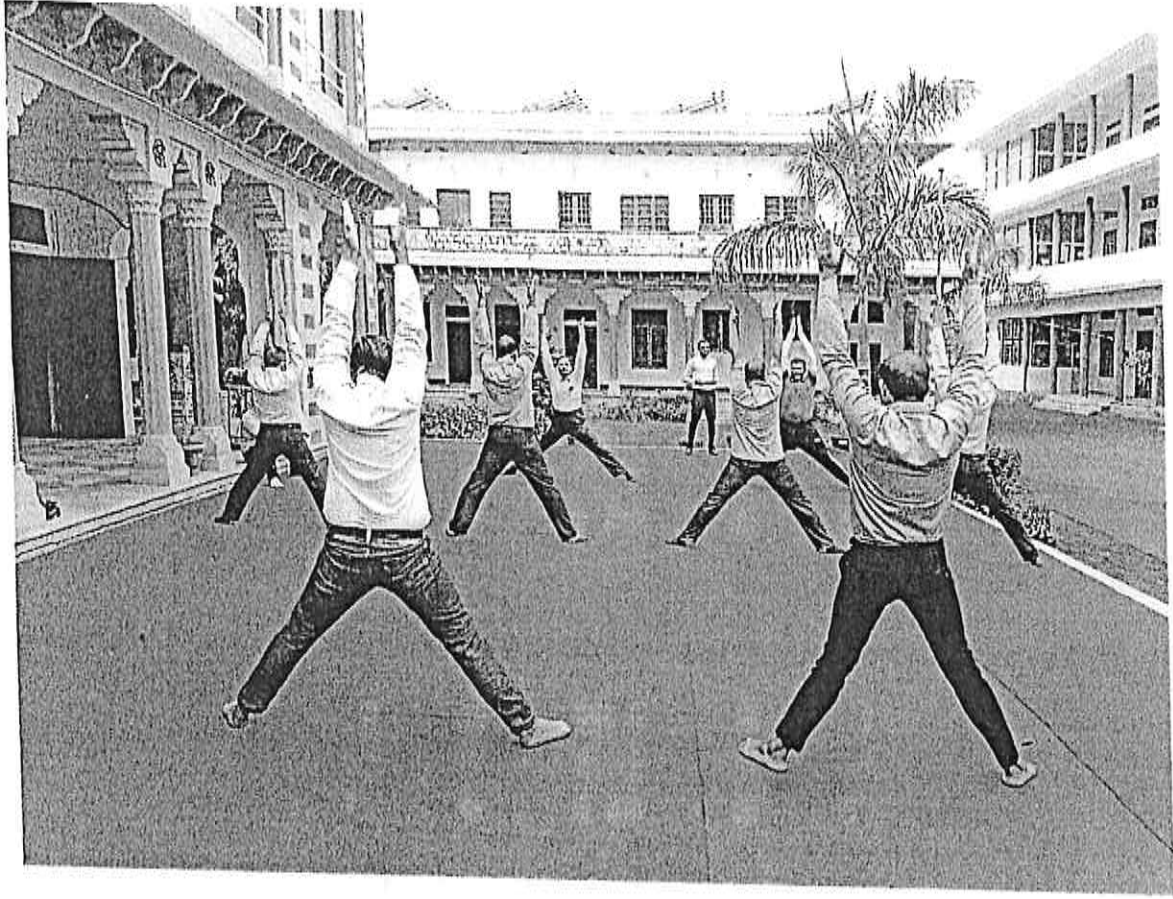

Objectives- International Yoga Day is celebrated every year on 21st June. This day is the longest day of the year and yoga also makes a person live longer.

For the first time this day was celebrated on 21 June 2015, which was initiated by the Prime Minister of India in his speech in the United Nations General Assembly on 27 September 2014 in which he said that-Yoga is an invaluable gift of India's ancient tradition. It symbolizes the unity of mind and body, harmony between man and nature, providing contemplation, balance and fulfillment and a holistic approach to health and well-being. It is not about exercise but about discovering a sense of unity within oneself, the world and nature. By becoming a consciousness in our changing lifestyle, it can help us deal with climate change.

S.S.G. Pareek P.G. International Yoga Day was celebrated under National Service Scheme in the college. Yoga makes you like a child again, where there is Yoga and Vedanta, there is no deficiency, impurity, ignorance and injustice. We need to free the world from suffering by taking yoga to everyone's doorstep. Yoga Day in the college was presided over by the Principal of the institution, Dr. N.M. Sharma and Yoga Day was celebrated under the leadership of special guest National Service Scheme Officer Dr. Anju Pareek and Dr. Meghna Pareek. Principal Dr. N.M. While addressing the participants and said that Yoga is an ancient tradition of India, an invaluable gift, it is a symbol of the unity of mind and body, there is harmony between man and nature, it is holistic which provides restraint and energization of thoughts, it is the same as the physical body of the organization. P.T.I. Shri Babulal Yadav made all the students and teachers do physical exercise for one hour and finally Dr. Anju Pareek, Dr. Meghna Pareek and Assistant Officer Dr. Harlal Meel presented their views on Yoga Day.

Report on plantation program on the Occasion of "Shahid Divas"

Dated: 23.03.2021

Under the auspices of the National Service Scheme, a program to pay tribute to the martyrs was organized in which chief guest Dr. Alok Mathur, special guest Gunjan Soni (in-charge of police station Sindhi Camp) and president of the program Dr. Naveen Mathur (former principal of Commerce College) were present. Principal of the institution, Dr. N.M. Sharma welcomed Dr. Alok Mathur by garlanding him, while Our Guest Ms. Gunjan Soni was welcomed by Vice Principal Dr. Anju Pareek and NSS Officer Meghna Pareek welcomed Dr. Naveen Mathur by presenting a flower bunch. Dr. Mathur informed the students about avoiding heart disease during Corona, while Gunjan Soni informed the students about the current society, mobile and traffic rules. Principal Dr. N.M Sharma gave information about the biographies of Bhagat Singh, Rajguru and Sukhdev on this Day. On this occasion a tree plantation program also organized. Ms. Gunjan Soni explained the importance of trees and plants.

FIELD TRIP TO SHRI KARAN NARENDRA AGRICULTURE UNIVERSITY, SITUATED IN JOBNER

Executive summary -

Excursions are arranged to give exposure to students. Field education is equally important as classroom teaching. It adds vigour in learning processes and relieves monotones of indoor education. Field study is an essential part of botany as plants are best studied in their natural habitat. These tours also help to build good repo amongst students and teachers. Students collected and studied plants for herbarium preparation under the guidance of Dr. YOGITA TYAGI. The trip successfully inculcated in students the practicality of different theoretical concepts of Botany.

INTRODUCTION:

M.SC. BOTANY students (20 numbers) along with three faculty members of S.S.G. PAREEK COLLEGE, BANIPARK, JAIPUR Visited JOBNER AGRICULTURE UNIVERSITY on 15 MARCH 2021. This visit was organized to study the biodiversity and to collect plant specimens such as angiosperms for herbarium, algae, bryophytes, etc. for submission in practical examination.

TRIP OBJECTIVES:

The main objective behind taking student to the visit was to go beyond academics. It gave student a practical perspective on the internal working of the department of agriculture. It provides them an opportunity to learn practically through interaction.

FIELD OBSERVATION:

Guided Tour: The visit began with a guided tour led by experienced botanists and staff. They provided insightful information about the diverse plant collections. Students were introduced to various sections of the university, each representing different activity & function with specific Students had the opportunity to observe a wide range of plants, from towering trees to delicate orchids. The diversity of plant forms, textures, and colors fascinated and intrigued the visitors. Inspiring Landscapes, the botanical garden offered not only educational value but also aesthetic beauty. Visitors were captivated by the meticulously designed landscapes, themed gardens, and artistic plant arrangements. These displays showcased how plants can be harmoniously integrated into various settings. All queries of the students were satisfied by subject matter experts. Thereafter, students were taken to different laboratories and Technology Demonstration Centre, field observation.

Learning Outcomes: The visit to AGRICULTURE UNIVERSITY, JOBNER proved to be an enriching experience for the students and faculty. The following key learning outcomes were achieved:

- 1) The students learnt about biodiversity in plants.
- 2) They collected plant specimen for submission purpose.

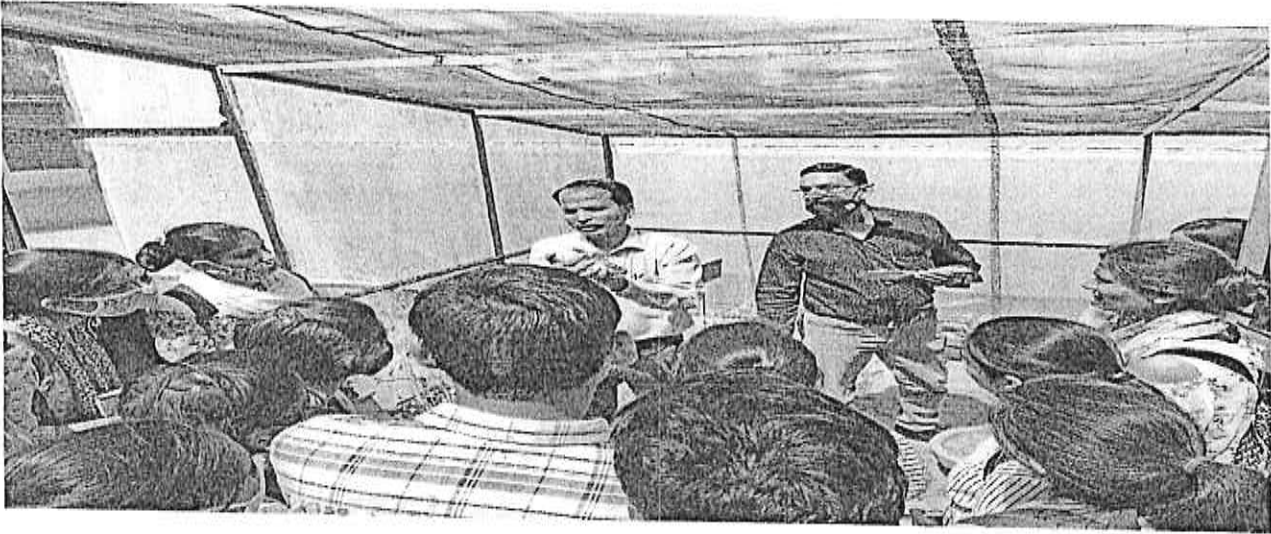

⇒Enhanced Botanical Knowledge: Students gained a deeper understanding of plant diversity, taxonomy, medicinal uses and ecological relationships through direct observation and engagement with experts

Report on "Blood donation day"

Dated 13.03.2021

Objective - "Blood donation is a noble act" If our blood can give life to someone, then what can be more happiness in our life than that.

Under National Service Scheme, S.S.G. Pareek P.G.College a one day blood donation camp was organized in the college. In which Suman Blood Bank was invited. In this occasion, volunteers contributed with great enthusiasm. This happened despite the Corona epidemic. 35 units blood collected in this campaign. Principal Dr. N.M. Sharma, while addressing the program, said that donating blood can give life to many people. Suman Blood Bank officer R.C. Sharma participated in the program.

Parinda Abhiyan: Creating a Bird-Friendly Jaipur

ACTIVITY SUMMARY :

Parinda abhiyan inspire the community to actively participate in bird conservation and create an environment where both birds and humans thrive.

'Parinda bandho abhiyan' to tie parinda and chugga pots for the protection of birds. This day makes us aware of our environmental concern and responsibility. Everyone has been directed that in summer, the arrangement of water and food grains in chugga pots should be done with mutual cooperation.

On 13 March 2021, S.S.G PAREEK COLLEGE students actively participated in parinda abhiyan activity.

This event inspires the students to fulfil their responsibility for nature & environment conservation as well as develop human kindness for surrounding birds which is a important part of our ecosystem.

WEBINAR REPORT ON "GENDER EQUALITY"

Date: 03.02.2021

Objective: To eliminate the discrimination between boys and girls; to respect the girls equally, to eliminate the misconceptions prevalent in our society regarding discrimination between boys and girls.

Our Indian society is a male-dominated society; the importance of men is more than that of women. Men can do anything in the society, but the society prohibits a woman from doing anything. Why is it so, whether it is a boy or a girl, until we remove the difference between the two? Till then how will you move the nation forward? On this purpose, our college organized a webinar in which the key speakers were Mr. Praveen Sinha (SPO-CO) and Mr. Lawrence and Miss Radhika (Director JAS). They encouraged the volunteers to remove the discrimination between boys and girls and give them the right to equality in our country. They also refers that today a woman is no less than a man, then why can't our nation and our society be women-oriented?

**MEN AND WOMEN ARE UNIQUE CREATIONS OF GOD; DO NOT DISTORT
THEM BY MAINTAINING INEQUALITY.**

Tree Plantation in college campus

ACTIVITY SUMMARY :

Trees are part and parcel of our life. So it is our duty to plant more trees and take care of them in order to maintain balance between man and nature. To make the country economically developed and to save the globe from green house effect, we should plant trees on a large scale. By emphasizing tree plantation in schools & colleges, we nurture a sense of environmental responsibility in students, fostering their understanding and appreciation for nature's importance.

The day of tree plantation program:

Tree plantation program was inaugurated by planting a sapling by of honourable principal with well worshiped in the name of god facility, office members, students, NSS volunteers, faculty members of S.S.G.PAREEK P.G. COLLEGE actively participated in the program and many trees were planted at varies places with in campus. On this occasion everyone pledged to take responsibility to increase the Maximum number of saplings faculty motivated all the students to plant trees explaining the importance of nature from trees. Students were then assigned as guardians of one plant each where in them will look after these plants as they grow and make sure that the plants are being watered regularly and cared for. Planting more trees can be a small step towards protecting the environment.

Goal: Green campus is a place where environmental friendly practices and education combine to promote sustainable and eco friendly practices in the campus.

1. The Objective of tree plantation drive was to enhance the tree cover on the campus and to sensitize the student towards importance of trees.

2. The purpose of tree plantation is to save the endangered environment and to beautify our life.
3. The lives of men and animals and other animals and insects are inconceivable without the existence of trees in the world.
4. Trees absorb carbon dioxide and give us oxygen without which no living being can live. Trees give us shade, medicine, food, fruits, furniture, fuel.
5. Trees also keep the weather cool and cause rainfall. They also bind soil and thus prevent erosion.
6. With the growing pollution it is important to make environment healthier by planting tree.
7. To spread the message save trees, save lives.
8. To create awareness among the students regarding the importance of ecology and the natural environment.
9. Trees are the foremost source for producing oxygen in the environment; they help to reduce the level of Co₂. As the whole world is facing the problem of global warming and another environmental related issue so as to recover from such a problem. Planting the trees has become inevitable one of the most important aspects today.
10. The idea behind the tree plantation activity was to spread the message that planting the tree helps to maintain clear eco friendly environment reduces pollution and improves the green ambience.

Report on awareness program- "Protection from Corona "No mask no entry"

Dated 10.12.2020

No mask no entry program was organized under the National Service Scheme. About 20 volunteers were called in the college premises and went to the slum and distributed masks. Aware all the people that "Mask is a safe medicine for life. You all should leave the house wearing a mask so that you will be safe. The impact of Covid 19 which is spreading today is having an impact in the world. So we have to protect ourselves and our country, do not go anywhere without a mask, it is necessary for the success of this program.

N.S.S. Officer Dr. Meghna Pareek, Dr. Anju Pareek and volunteers together distributed masks and also aware the peoples for-

Do these things to protect yourself from Corona

- Wash hands frequently with soap and water or use sanitizer
- If you don't have tissues, use your sleeve when sneezing and coughing.
- Use disposable tissue when coughing and sneezing
- Do not touch your eyes, nose and mouth without washing your hands.
- Throw away used tissues
- Do your best to avoid contact with people who are sick
- Adopt measures to prevent corona, wear mask, maintain a distance of two yards hands.
- Do not go out without a mask
- Do not spit in public places

"Report on awareness program about HIV on "World AIDS Day"

Dated 01.12.2020

It is necessary to increase information and awareness about HIV on World AIDS Day; due to lack of information many people are suffering from a dangerous disease like AIDS every year. The purpose of this program is to create awareness about AIDS.

When hormones change, whether it is a boy or a girl, they face a lot of problems. They are unable to say anything to anyone. Common people consider AIDS to be a contagious disease. How to create awareness about this disease, how it spreads and how to prevent it. Under the National Service Scheme, we organized an online program of this. Also asked the volunteers to make people aware in their respective colonies and around them. The program was organized online by the help of faculty members. The main speakers are Dr. Parmila Dubey, Principal B.ed.college and Dr. O.P.Chabda.

REPORT ON

TRAINING PROGRAM AT KAPOOR CHANDRA KULISH SMRITI VAN

ABOUT THE TRAINING PLACE:

Smriti Van in Jaipur is a vast area of JHALANA GAME RESERVE. Located in the heart of Jaipur on JLN Marg, Kapoor Chandra Kulish Smriti Van is spread over an estimated 108 hectares area.

INTRODUCTION – Training program was conducted for a week. It was started from 07-09-2020. Training given by experienced botanist & field experts. General training topics overlap only partially with the routine assistance that participants will give to staff in the areas of curation and research.

The Roles of Herbaria and Botanic Gardens

Research; education; conservation; public information; scientific vouchers; archival techniques for vascular and non-vascular plants; museum standards for biological collections.

Field Techniques

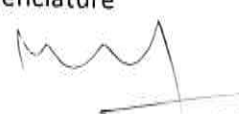

Site and specimen selection; specimen processing; assessing habitat including vegetation, geology, soils; field data recording; map reading and geo code determination; field equipment and field safety; permits and access protocols; propagation material.

Biological Databases

Uses of databases, maintaining data standards and data entry. Taxonomic Techniques, Revisions and Sources of Botanical Information Theoretical approaches; classification systems; sources of data; practical uses; basic information sources in the literature; curation following recent revisionary studies; major databases; areas of expertise; scientific naming - principles and the International Code of Botanical Nomenclature

Plant Identification

General techniques; use of printed and interactive keys; practical identification work.

PRINCIPAL
S.S.G. PAREEK PG COLLEGE
JAIPUR (RAJASTHAN)

Objective of training program –

Botanical Training Program is designed to allow students of botany, environmental science and related subjects the opportunity for substantive scientific work experience. Participants assist with various Centre programs and receive both task-specific training and general botanical training. Work sessions are designed to give students a feel for life in the scientific workforce. Training sessions complement academic studies with both botanical and general workforce-skills components. All participants will undertake the common training sessions. Students with serious specific interests or experience in bryophytes, lichens, orchids, eucalypts and botanical databases are especially encouraged to apply.

Field observations during training program -

The Kulish Smiriti Van is divided into following 11 Sections: -

- 1. Vasundhra Van:** - The Vasundhara Van is the main attraction of Smirti Van. Aromatic plants like 'Mogra', Champa etc. and other plants like Almonda, Coral tree have been planted in this section.
- 2. Eco-Environment Museum:** There are four halls in the museum section where photograph of birds and flowers found in the 'Smriti Van' have been displayed. One hall is kept for viewing films on nature & wild life.
- 3. Vrindavan Van:** - This contain exemplary work on drainage line treatment wherein slopes have been stabilized by spreading nets and planting plants in them. The flow of water has been controlled by using boulders. To get rid of foul smell 'Mogra', 'Juhi and Rat Rani plants have also been planted. Champa and other flowering plant have also been planted in Nala bed.
- 4. 'Maru Van:** - Xerophytic plants like cactus, Euphorbia, Agave and Succulent plants in good numbers have been planted in this 'Van'. The hilly area of this land will completely be covered by these plants as the time passes. At present Euphorbia flowers are main attraction for the visitors. 64 species of this kind of plants have been planted.
- 5. Aravali Van:** - Efforts have been made to plant various species of plants found in Aravali hill range mainly Dhak, Dhavada, Saalar, Gurjan Hawan, Rohida, Khejdi, Gugal, Gangan etc.
- 6. Sarovar:** - Water from Jawahar Nagar Kachi Basti Nala flowing in eastern part of Smriti Van and stored in this "Sarovar" goes to Vrindavan. This area has been dug 5 ft. Deep, and for storing water, nine ponds have been constructed. In these ponds different varieties of Lotus have been placed. Fishes and Ducks have also been put. Immigrant Birds have increased in good numbers in this area during winter.
