Report on "Seven Day Special Camp"

"Dated - 21st December 2018 to 27th December 2018"

A 7-day camp was organized from 21 December to 27 December 2018 with 50-50 volunteers of the first and second units of the National Service Scheme. The theme of this year's special camp was kept as "Techno India". The objective was "to limit the ill effects of increasing use of technologies in day-to-day life and to create awareness towards avoiding cyber crimes." For some time now, we have integrated online shopping, money transfer, data updation, video uploading, internet banking and social sites into the mainstream of life. Due to lack of information, people are suffering losses instead of benefits. Keeping the theme in mind, the volunteers of the camp were divided into groups of 20 each whose names were Bill Gates Group, Peter Norton Group, David Packard Group, Charles Babbage Group and Paul Allen Group respectively. N.S. S. The real understanding was enhanced by making the volunteers interact with experts from government and private sector so that the technology could prove to be a profitable deal only. Each day of the camp started with a session of yoga, singing and meditation.

In addition to technical lectures and symposia, N.S.S. Volunteers organized awareness rallies and human chains, conducted surveys and labour to spread cleanliness, health awareness and technical knowledge in the adopted slums. The volunteers were introduced to the modern working methods of the metropolitan police station by inspecting it. Along with visiting organic gardens and metros, the volunteers became Santa on Christmas day and distributed happiness with toys among the poor children. Self-motivated, students performed many street plays on topics of social concern. The seven-day camp was made inspiring and memorable by organizing cultural programs including sports, poster, slogan, singing and poetry competitions. Pictorial glimpses of the seven days are displayed on the following pages. The officers and associates who provided guidance in the seven-day special camp should be-

REPORT

LET'S VOTE JAIPUR MAIRATHAN – VOTERS AWAIRNESS PROGRAM

The idea for the modern marathon was inspired by the legend of an ancient Greek messenger who raced from the site of Marathon to Athens, a distance of about 40 kilometers, or nearly 25 miles, with the news of an important Greek victory over an invading army of Persians in 490 B.C. A *marathon* is a 26.22-mile (42.2-kilometer) long-distance race. Technically, the exact length of a *marathon* is 26 miles 385 yards (42 kilometers 195 meters). But the length is mostly commonly stated as 26.2 miles. **S.S.G PAREEK P.G. COLLEGE** students participated in jaipur marathon under sveep activities organized for voters as an awareness campaign for upcoming elections. The campaign name is "LET'S VOTE JAIPUR MAIRATHAN". Marathon was executed on 28-10-2018. It was started forfm RAMNIWAS GARDEN, j.l.n marg.

SIGNIFICANCE OF MAIRATHAN:

- Marathon will inevitably boost general health and fitness.
- Running is a high-impact activity. Regular running, including marathon training, is one of the most effective forms of exercise for improving bone density, making bones stronger and less prone to osteoporosis and fractures, particularly later in life.
- Marathon organizers focus on creating a health buzz and raising awareness in the society through NGOs, sponsors and media. Thus, as mass events like these attract thousands of professionals and amateurs, the proceeds from the participation which are often in crores depending on the scale, are used for social causes.

Parinda Campaign to Save Thirsty Birds

Objective : Hundreds of birds die due to scorching heat and lack of access to clean drinking water.

The motto behind this campaign to provide water & save the birds.

Event : SSG Pareek College organized Parinda Campaign under RRC Banner. The temperature during summers often crosses 45° C, which proves fatal for birds and stray animals. It is sad to see several birds and animals looking for water and drinking dirty water in the absence of clean drinking water. In the hot months of summer RRC Volunteers planned to install 500 Parindas nearby college areas and Public Premises.

Sh.Bhagwan Sahay Pareek member of Pareek College Management Committee was the chief guest of the day. Principal Dr. Vijay Laxmi Pareek felicitated guest, faculty and College students. The Chief guest Sh. Pareek & Principal Dr. Pareek initiated to hang the parindas (Water bowls for birds) in the college campus.

Our Guest Mr. Bhagwan Sahay Pareek addressed to the students with the following message "it is a good initiative by the college which will quench the thirst of birds. As part of the campaigns 5 parindas were installed by each RRC Volunteer to offer water to the birds on the trees. The RRC Volunteers took oath to refill water in Parinda every day .
